

iPIMM™ Supplier Delivery

iPIMM™ Mobility Solutions are specifically designed and developed for “Drivers”. iPIMM™ SuD provides the driver with an intuitive user interface that is simple and straightforward.

iPIMM™ SuD is the first software platform that elevates the traditional “temperature logger” to integrated cold chain solution allowing the driver to guarantee a quality delivery.

iPIMM™ SuD supports both Apple iOS and Android platforms, so the Driver can just use a standard iPhone or Android smartphone.

iPIMM™ SuD features include:

- Smart PIMM™ LogTag temperature recorders
- Integrated Bluetooth temperature probes
- Delivery Ratings shared with supply chain partners
- Alert Notifications support
 - Late Deliveries
 - Flagged Deliveries
- Delivery Reports shared with supply chain partners
 - Suppliers
 - 3rd Party Carriers
 - Distributors
 - Retail Customer
